

Boyser lobe pumps LB-S/70

Industrial pumps and fluid-handling equipment

Performance table

Technical data LB-S/70

Capacity	0,91 l/rev
Operating pressure	<10 bar
Rubber coated rotors:	NBR, EPDM, FKM
Metallic rotors available:	AISI-316 , AISI-420
Pump-body material:	AISI-316, AISI-410
Mechanical seals:	Carb. Silicon / Carb. Tungsten, Graphite/Carb. Tungsten.
Standard connections	DIN DN-50 flanges.
Other connections available:	DIN 11851 NW, Tri-clamp, SMS, Fast adapters, ANSI flanges, etc.
